`Collaboration, Teamwork` `Problem-Solving`
`User-Centric Solutions`

PERSONAL PROJECTS

COVINFO- WEBAPP:-

This is MERN stack-based Web Application. It provides Covid related information. This web app helps to get state-wise Covid data - such as confirmed cases, recovered cases, deaths etc. It has great feature, that by entering the pin code and date, one can get complete vaccine centers nearby and other related details.

Morden Tourism with AR and VR:-

This project is used to give boost to tourism industry. The key feature of this project is 360-degree panoramic view, travel companion and AR magazine.

Mini web page using HTML and CSS :-

A Tribute Page on Baba Maharaj Satarkar.This page having all information about music magician of maharashtra culture.

PAPER PUBLICATION

Exploring tourism with virtual and augmented reality is published in International Journal for Research in Applied Science and Engineering Technology with ID:- IJRASET50847 on April 2023.
